

***THE
Journal of
Materials
Education***

**AN INTERNATIONAL JOURNAL
FOR MATERIALS SCIENCE
AND ENGINEERING**

VOLUME 32, NUMBERS 5 - 6

December, 2010

Individual Articles

The Materials World Modules Program
 R.P.H. Chang and Matthew Hsu
 Northwestern University, Evanston, IL, USA 181

Materials World Modules - 2002: A Nationally Representative Evaluation of Classroom Gains
 Barbara J. Pellegrini
 STEP Consulting, Benton Harbor, MI, USA 185

The MWM Approach to Technological Design
 Kate Heroux¹, Ken Turner² and Barbara Pellegrini³
¹ Lake Forest High School, Lake Forest, IL, USA;
² Schaumburg High School, Schaumburg, IL, USA;
³ STEP Consulting, Benton Harbor, MI, USA 231

Materials World Modules: A View from the Science Classroom
 Ken Turner
 Schaumburg High School, Schaumburg, IL, USA..... 241

Introducing the Materials World Modules in Mexico: The Chihuahua Project
 L. Fuentes¹, S. Maloof², M. Hsu³ and R.P.H. Chang³
¹ Centro de Investigación en Materiales Avanzados, Chihuahua, México;
² Secretaría de Educación, Cultura y Deporte, Chihuahua, México;
³ Northwestern University, Evanston, IL, USA..... 245

Uncovering and Addressing Some Common Types of Misconceptions in Introductory
 Materials Science and Engineering Courses
 Steve Krause, Jacquelyn Kelly, Jessica Triplett, Andrea Eller and Dale Baker
 Arizona State University, USA 255

Tribology of Polymers and Polymer-Based Composites
 Witold Brostow^a, Vera Kovačević^b, Domagoj Vrsaljko^b and Jenna Whitworth^a
^aUniversity of North Texas, Denton, TX 76203-5017, USA
^bUniversity of Zagreb, Croatia 273

BOOK REVIEW: *"Teaching Engineering"*
 by Peter J. Goodhew
 Tea Datashvili
 University of North Texas, Denton, TX 76203, USA 291
